

BUSINESS AND COMMUNITY WORKING TOGETHER TO HELP LOCAL FAMILIES

Jandel Homes' Fill a House Christmas Campaign saw local businesses, community groups and individual community members all step up to help out local families in need over the Christmas holidays. Jandel Homes partnered with other local businesses to fill three of their show homes at their Edmonton, Grande Prairie and Meadows of Morinville Sales Centre with donations of non-perishable food, cash and new unused toys in order to assist local families that are struggling.

The year's Campaign saw a total of \$15,166 raised in cash and gift certificates, and generated donations of 1,180 toys and 1,575 toiletries and food items.

"This year, it was really exciting to expand the Fill a House Campaign to three locations, including our newest development in Meadows of Morinville," says Courtney Huchulak, Marketing Manager for Jandel Homes.

Jandel Homes hosted three kick-off fundraisers in support of the Campaign, including a concert in Grande Prairie donated by country recording artist, Brad Sims.

"It's always a big challenge to fill an entire house with donations, but this year we had three! It's so incredible to watch what can happen when the Community comes together to help. We are so proud to sponsor this Campaign and be involved with some world class organizations", says Huchulak.

Introduced in 2014, the Fill a House Christmas Campaign is now an annual fundraiser that has raised a combined total of over 4,055 toys, 8,075 food items and raised more than \$82,660 monetary donations since its inception.
